

## TCCAC Home Learning Kits for California Tribal CCDF Programs Have Arrived!

***(If you indicated to TCCAC that you wanted home learning kits – you should have received them!)***

The Tribal Child Care Association of California (TCCAC) has partnered with Lakeshore Learning to create and purchase special home learning kits in support of children and families during the “Shelter in Place” and COVID-19 World Pandemic as a quality initiative to help children and families in Tribal Communities. *If you indicated you wanted kits from TCCAC, you should have received them by now!*

The TCCAC works closely with Tribal CCDF Programs and Tribal Nations in California to do outreach and support for children Birth-5 years, as a part of the Tribal Region for Quality Counts California (QCC) – a grant funded through the California Department of Education, Early Learning and Care Division (CDE-ELCD). We are so happy that TCCAC was able to fund this quality initiative through the Tribal QCC Region for Tribal Child Care. We hope that you enjoy the activities and the learning kits! We welcome your feedback! If your Tribal CCDF Program would like to order more kits, the information is included at the end of this announcement. Or you can go to [www.tribalchildcareca.org](http://www.tribalchildcareca.org) Home Learning Kits page!

### The Tribal Child Care Association of California (TCCAC)

***We must support each other now more than ever and continue to be the helpers we have always been. During this current crisis, please take care of yourself too. We are not sure how long this will continue - so we must stay strong! As we nurture children, and take care of our Elders in the community, we must continue to do things to remain healthy both physically and emotionally. What will you do for yourself today? ~ TCCAC***
